

INTERNAL TROUBLE WITH THE MANCHUS

Infant Ruler of China Deserted by Mother—Eloped with an Actor.

(National News Association)
SAN FRANCISCO, Cal., Nov. 22.—Princess Lai, mother of the baby Emperor of China and wife of the Prince Regent, has eloped with an actor, Yung Shu Lu, according to Chinese newspapers received here.

A number of newspapers published in China refer to the "disgrace that has come to the royal family," but only one, the Min Lu Po, the largest newspaper published in China, gives the Princess' name and an account of the elopement.

The mother of the Emperor, the paper says, fell in love with the actor and corresponded with him for some time previous to the rebellion.

The paper draws the conclusion that the Princess believed the Manchus were lost and decided to flee.

She is said to have taken a fortune in jewels with her and to be living with Yung in Mukden.

An actor and a barber are considered as belonging to the lowest of professions in China, to whom Chinese have said today the elopement of the Princess was the greatest disgrace that could come to the Manchu dynasty.

FIND CASEY NOT GUILTY

William Casey was found not guilty of the charge of involuntary manslaughter, causing the death of Ernest Weber, aged 17, to whom Casey, Charles Coddington and Frank Burns gave whiskey a few weeks ago. The jury received the case at 11:30 o'clock this morning and reported at 3:10 o'clock this afternoon. The jury was of the opinion that Weber met his death by suffocation. It is likely that the charges of involuntary manslaughter against Coddington and Burns will be dismissed.

ENJOYS EVERY MEAL

Since Taking Vinol—Eating Was Punishment Before.

There are hundreds, even thousands of people right around here who have had no appetite for a long time and eat only because they must.
A Brooklyn man, Thos. J. Sinclair, says in a letter "For nearly five years I was tormented with stomach trouble. I had no appetite and I suffered so much and so long that it seemed as if I never would get any relief. Vinol proved to be just what I needed. It brought back my appetite, relieved the painful symptoms and now my digestion is perfect. I enjoy every meal now where formerly eating was almost a punishment."

This delicious cod liver and iron remedy without oil is wonderful to stimulate the appetite and build up the body. All who are weak and run down from stomach trouble or other causes should try Vinol on our positive guarantee to refund the money if they are not perfectly satisfied. Leo H. Stopping a Train.

Of the informalities of railway traveling in Scotland half a century ago Dr. John Ker gives some instances in his "Memories of Grave and Gay." "At Orkney, a siding on the Banff branch line," he wrote, "I was instructed to go to this siding, and, as the train approached, to set light to a newspaper or any other material that would make a good blaze and the train would stop. The night was dark and windy, and I failed to set fire to the newspaper, but a stationer's shout had the same effect, and I was taken aboard."

"What's happened to him?"

"Why, he's had to leave the guards, don't you know?"

"And what have they done with him?"

A CLUE IN SIEGEL CASE IS SECURED

Chinese Murderer of Pretty American Girl Said to Be in Texas.

(National News Association)
CLEVELAND, Nov. 22.—That Leon Sing, slayer of Elsie Siegel in New York Chinatown, is living in a Texas town, was learned today from Chinese engaged in a bitter tong war. An arrest has been ordered.

The Tong feud has been raging here bitterly for some time. Leon Young of the Hip Sing Tong shot Woo Dip four times. Woo, who is a member of the On Leon Tong, is not expected to live. Leon has not been arrested. Members of the On Leon Tong told the police that Leon Young was a cousin of Leon Sing, who is charged with having murdered Elsie Siegel in New York Chinatown and placed her body in a trunk. They also gave a large city in Texas as the place where Leon Sing was located a short time ago. On Leon Tong members admitted they had definite information for some time but did not care to give it out until Hip Sing started trouble.

Drawing the Line.

A London tailor made his pile and retired to a Welsh castle, where he set up as a squire. But the tailor had hardly got established as a squire when a London hatter retired and set up in a neighboring castle as a squire also. It was disgusting.

A friend, apropos of the former hatter's coming, said to the ex-tailor:

"Will you call on him?"

"Not I," was the reply. "One must draw the line somewhere."

"And so," said the friend, "you draw it round the neck, eh?"

Good Hearted Cabbage.

A well known expert in cooking encountered trouble in a suburban community the other afternoon when she prepared to lecture at the Mothers' club. Her subject was "How to Cook." She began by telling how much a man appreciates good cooking and then she proposed to give various recipes.

Among the first was one for cold-slaw. "To have this best," began the lecturer, "take a good hearted cabbage and—"

At this point a young matron interrupted. She was eager to get all the information possible. "Tell me, please," she spoke up, "how is one to know the disposition of a cabbage?"—Philadelphia Times.

PROSPECTS FOR A POLO LEAGUE GOOD

Lovers of polo will again be given an opportunity to give vent to their enthusiasm. Last evening a club was formed and a polo team was organized to represent this city. Roy Peck will manage the team and it will be known as the "Engelbert Trues."

As arranged last evening the team will lineup at its first game on Thanksgiving afternoon at Elwood as follows: Louis Quigley, Clark and New-ton, rushes; Williams, center; Oestling, halfback and O'Metz goal.

Independent polo will be played at first but if it is found that the people of this city want league polo it is not improbable that a league, comprising the cities of Richmond, Elwood, Marion, Logansport, Muncie and Hamilton will be organized. At present all of these cities are represented by independent teams and some are anxious to get into some sort of a combination.

CHURCHES ACCUSED BY AN EVANGELIST

Evangelist Kennedy's theme last night at the First Methodist church was "A Shut Door." The preacher accused many churches, many homes, and many hearts of being closed to the spirit of God. He drew a word picture of a church and said it had a preacher a choir, and all the pews full, had paid all the bills that year, and thought it had need of nothing.

"The Lord has once been in the church, but now is outside and knocking to get in," the speaker said. "You can run your church without Christ, you can get through all the motions, you can sing, 'All Hail the Power of Jesus' Name,' you can have your sermon and Christ may not be in any of it. He was in your church one time. Is he in it now?"

"Is this a true picture of your church, your home, your library, your heart? Oh, my friends, let Him in again. He is not a meddler. He is a friend. He wants to help you, to sympathize you, to plan for you, to carry your burden. He came not to condemn, but to save. Let Him in."

The meeting this evening at the First M. E. church promises to be one of the leading features of the entire series of revival services. Mrs. H. D. Kennedy, wife of the evangelist, will preach on the subject, "Hope So Christians." The leaders in the movement are expecting a large crowd to hear Mrs. Kennedy narrate some of her own experiences, in addition to laying down some rules for leading a good life.

UNCLE SAM ALLEGES PAVING BLOCK TRUST

(National News Association)

MINNEAPOLIS, Nov. 22.—Government investigators are on the trail of what they believe is a creosote paving block trust. Federal agents have already obtained evidence that the alleged monopoly operates through four associations, which fix prices and control the supply. These associations are organized under the disguise of being formed only to promote the use of the creosote blocks. The investigation is expected to lead into almost every large city east of the Rocky Mountains.

Political Intrigues Are Result of Anti American Feeling.

(National News Association)

SANTO DOMINGO, Nov. 22.—The situation in Santo Domingo today as regards Americans is serious. It has developed that the plot which resulted in the assassination of President Ramon Caceres and the death of General Tejera was inaugurated by political malcontents of anti-American sympathies. News from Washington that the United States cruisers North Carolina and Washington has been ordered here has further kindled the bitterness against American residents. The cabinet is doing its utmost to allay the growing hostilities.

The chief grievance of the seditious politicians lies in the fact that the United States government by agreement with a pro-American regime, supervises receipts, the chief source of government revenue.

AVER BUTTER AND EGG BOARD A TRUST

(National News Association)

CHICAGO, Nov. 22.—Following another arbitrarily increase in the price of butter to 33 cents a pound, wholesale, assistant United States District Attorney Welch began presenting evidence before a master in chancery to show that the Chicago butter and egg board is a trust and should therefore be dissolved. This board, the government insists, not only dictates the price which the consumer must pay for his butter but also the price which the wholesalers shall pay for the product.
